

Illinois ENA Member Spotlight

**Barbara Weintraub, RN, MSN, MPH, FAEN
Trauma/EMS/Pediatric Quality Coordinator
Loyola-Gottlieb Memorial Hospital, Melrose Park, IL**

Barb Weintraub is championing her fellow ED nurses at Gottlieb Memorial Hospital to become ENA members and to take advantage of her hospital system's benefit of a \$1000 bonus for nurses who become certified in their specialty (i.e. CEN). Barb believes that ED nurses' expertise and professionalism should be recognized. By being an ENA member, nurses receive complimentary continuing education, discounts on courses (TNCC/ENPC), conferences, CEN exam fees and many educational products. Members receive the excellent peer-reviewed Journal of Emergency Nursing and the ENA Connection, along with practice resources and professional networking. Easy membership payment options of \$10/month are available, along with group membership discounts too. Barb believes that membership in ENA, along with having board certification demonstrates commitment, pride, excellence, and validates knowledge and expertise. Thank you Barb for your commitment to ENA!
